

## What are Interim TPFA Benefits?

Pursuant to the completion of an ongoing reconciliation process between the Public Sector Pension Schemes and Government, the NPRA has directed that interim TPFA benefits should be computed and credited to the accounts of all GESOPS members. Following the completion of the reconciliation exercise, the balance of TPFA benefits due will be computed and credited to members' accounts.

GESOPS assures you that it is actively engaged with all stakeholders to ensure a swift conclusion of the TPFA reconciliation exercise, and that you will be kept informed at all times about progress. Your funds will be credited to your account as soon as the reconciliation is concluded.

**Interim Benefits do not apply to contributions from 1st September, 2016 onwards.**

Please note that the reconciliation process for TPFA benefits does not apply to contributions from 1st September 2016 onwards (Regular Benefits) as they have been captured and credited to GESOPS member accounts in full.
